

Nottinghamshire Safeguarding Adults Board (NSAB) Strategic Plan 2022-2025

Our vision:

'A county where all adults can live a life free from abuse or neglect.'

Introduction

As organisations look towards recovering from the challenges faced during the COVID-19 pandemic, NSAB held a partnership development day to reflect on the work undertaken during 2020-21 and develop an understanding of the partnership's aspirations moving forward.

The Board was able to:

- review outstanding actions from 2021-2022
- shape new workstreams and priorities for the next three years

In consultation with our partners the Board has agreed the following three key priorities:

Prevention

Develop NSAB Prevention Strategy

1. We will update and develop the NSAB Prevention strategy with an action plan detailing how this will be achieved, as well as developing management information to allow us to measure its impact and success in four focus areas:
 - Support for carers
 - Domestic abuse including controlling and coercive behaviour
 - Social isolation/self-neglect
 - Rough sleeping

Assurance

1. We will ensure that the Board continues to be effective and complies with current **Board Assurance** legislation and best practice.
2. We will continue to develop and implement systems to provide assurance that safeguarding adults arrangements in Nottinghamshire are effective; person-centred and outcome-focused equally for all our communities.
3. We will continue to seek and utilise opportunities to improve the quality of sharing safeguarding practices and data to build a culture of challenge to drive up performance within the partnership.
4. The quality assurance framework and business plan will seek to understand, plan and action necessary changes across the partnership to improve outcomes and reduce instances of abuse and/or neglect.

Engagement

- We will work to ensure that Nottinghamshire's Adult Safeguarding services are accessible to and can reach every member of our diverse communities across Nottinghamshire. Within this, we will be reviewing Board and sub-group membership to ensure a breadth of representation and engagement from across sectors.
1. We will continue to develop approaches to the Board's work which will enable people with lived experience to support and influence its work.

How we will measure our success

The Board business plan will be reviewed and will incorporate actions for the Board's Quality Assurance, Learning & Development and Communications sub-groups. The business plan will be linked to the priorities listed in this strategic plan and updates will be provided as part of sub-group reports at each Board meeting.

Task and finish groups will be set up as required and annual returns by partners will focus on the impact of services in meeting the aspirations outlined in this strategic plan.
